Dear Kimmie,

Nord Pool hereby submits the amended methodology Proposals agreed by all NEMOs in accordance with Article 9(12) of Commission Regulation (EU) 2015/1222 of 24 July 2015 establishing a guideline on capacity allocation and congestion management (the "CACM Regulation"). These are:

- 1) All NEMOs' proposal for the price coupling algorithm and for the continuous trading matching algorithm, also incorporating TSO and NEMO proposals for a common set of requirements, in accordance with Article 37(5) and 37(1) of the CACM Regulation (Algorithm Proposal)
- 2) All NEMOs' proposal for products that can be taken into account by NEMOs in single day-ahead coupling process in accordance with Article 40 of the CACM Regulation (DA Products Proposal);
- 3) All NEMOs' proposal for products that can be taken into account by NEMOs in single intraday coupling process in accordance with Article 53 of the CACM Regulation (ID Products Proposal);
- 4) All NEMOs' proposal for the back-up methodology in accordance with Article 36(3) of the CACM Regulation (Back-up Methodology Proposal).

All the Proposals have been amended to incorporate the "request for amendment by all regulatory authorities agreed at the energy regulators' forum" received from all NRAs on 24th July 2017. In accordance with such instructions, the NEMOs also submitted to the NRAs the public description of the existing versions of the price coupling algorithm and of the continuous trading matching algorithm, as background information.

The attached Proposals are identical to the ones already submitted by the Interim NEMO Committee Secretariat on behalf of all NEMOs on 13th November 2017.

Kind regards,

**Michela Beltracchi, Nord Pool**
